

Chamberlain Believed To Be Standing Firmly

HOME — Premier Benito Mussolini has failed to receive the satisfaction for which he hoped in his first talk with prime minister Neville Chamberlain, it was reported today in diplomatic quarters.

It was asserted that at their first talk yesterday afternoon Mussolini raised a number of points regarding the Mediterranean situation generally and the Spanish Civil War in particular, and failed to receive the encouragement he wanted.

It was because of this, informants said, that a second formal conference was arranged for today.

Diplomats who attended the brilliant ball which Mussolini gave at the Palazzo Venezia for Chamberlain, Viscount Halifax, foreign secretary and the rest of the British visitors, were deeply interested in the actions of the principals.

After a state banquet which Mussolini gave, the dinner guests filed into the adjacent ballroom where more than 1,700 guests were assembled.

Chamberlain entered and mingled with the guests. Next came Mussolini, Count Galeazzo Ciano, Foreign Minister, and the Count's wife, who is Mussolini's daughter.

As Chamberlain chatted, Mussolini, unduly serious, and his son-in-law went to a corner and remained there for a long time, deep in conversation. Mussolini was wearing formal evening dress, incidentally, with the red sash of the order of the Annunziata across his chest.

Finally Chamberlain joined Mussolini and Ciano. Then Mussolini's mood became lighter, and he turned occasionally to his guests in which Chamberlain joined.

Some diplomats thought that Chamberlain spoke rather pointedly in his brief response to his host's toast at the state dinner.

"I have come here in pursuit of the policy for which I stand—a policy of friendship with all and enmity with none, a policy directed to the just and peaceful solution of international differences by the method of negotiation," Chamberlain said.

There was some tendency to believe that this was an open invitation to Mussolini to start negotiations direct with France in pursuit of any ambitions he might have, and to keep his policy "just and peaceful."

Mussolini, in his own speech, spoke in the most friendly manner of Chamberlain and Great Britain.

Ruppert Near Death

NEW YORK — Col. Jacob Ruppert, 71, owner of the New York Yankees, was "sinking perceptibly" today and was believed dying.

His physician, Dr. Otto Schwerdtfeger, predicted death "almost any hour."

Ruppert has been confined to his home with a complication of diseases, which followed an attack of phlebitis, inflammation of the leg, last April.

Early last evening, Ruppert dropped asleep. At 10:40 p. m. last night, he awoke and was given a glass of milk, egg and whiskey, his first nourishment in several days. Then he fell asleep again.

Gerard's Slayer Is Apprehended

MEMPHIS Tenn. — Charlie Atkins, 27-year-old negro was held in jail today after he had confessed slaying Jack Gerard, prominent Memphis planter, and committing more than a score of robberies during the past six months.

Atkins' confession that he shot to death the 56-year-old planter ended an extended search for the slayer.

Detective Serg. A. O. Clark was promoted to Lieutenant of detectives for his work in apprehending the negro.

Joe E. West of Duck Hill Announces

Joe E. West, of Duck Hill, has announced for floater representative from Montgomery and Grenada counties. Mr. West is well known in this county as he has served as railroad agent for the I. C. R. R. at Duck Hill for the last 32 years. He served as representative from Montgomery county from 1932-36.

In his statement issued to The Sentinel he said, "I will represent my district to the best of my ability and stay on the job." Mr. West pointed with pride at his record which showed he never missed a roll call except for illness. He also stated that in his legislation he was always on the economy side.

To Expound Social Security

"Social Security: What It Is and What It Does for You" will be the subject of an address by Dr. N. B. Bond, field office manager of the Greenwood district of the Social Security Board, Monday, January 16, at 7:30 p. m. at the Grenada County courthouse.

Morgan Baker of Birmingham, Informational Service representative of the Board announced today that Dr. Bond had been engaged for addresses before public gatherings at the following places: Greenwood, January 13; Clarksdale, January 13; Grenada, January 16; and Kosciusko, January 17.

They were absent on account of illness. They will be installed at next meeting, January 24. At the close of the meeting, delicious refreshments were served.

BOWLER — Captain Bowden Wyatt of the University of Tennessee football team, who leads his team against the Oklahoma Sooners in the Orange Bowl football game in Miami, Fla. Wyatt was named on many All-America teams this season, is also called the handsome man on the Tennessee campus.

Share Croppers Line Highways

(Copyright 1939 By United Press.) MATTHEWS, Mo. — More and more tenant farmers, accompanied by bedraggled wives, pallid children, and, in some cases, by a scrawny farm animal, were taking up residence on the highway today where already some 1,200 were camped over a distance of 100 miles.

Planters of this rich, Mississippi River bottom area, contended that the camping was a "demonstration" organized and pushed by a Congress of Industrial Organizations Union. The tenants, or share croppers, contended that they had been evicted from the land which they had been farming on shares, by the planters who wanted to take all the crop reduction payments of the Agricultural Adjustment Administration and reduce them to day-laborers. The tenants displayed eviction notices and said they had no place to live except on the highway.

This morning the campers had black coffee and beans for breakfast. There was no abundance of these commodities for some of them had no food at all and were dependent on their fellows. During the night, few of the men had slept at all. There was no place for them to sleep except on the ground which was wet from an intermittent drizzling rain. They had constructed rude shelters for their wives and children, mainly thin quilts and blankets thrown across barbed wire fences as windbreaks. A few families were plutocrats. They had tents.

The tenants were clustered in groups of 10 to 50 from just a little north of the Arkansas border to a point on the river approximately opposite Cairo, Ill. Each group had a fire, fed with corn cobs and scraps of wood gathered from the roadside, and usually there was some sort of a makeshift stove on which the beans and the coffee were heated. I examined the food supply in various groups. I found only beans, coffee, and potatoes, and these supplies were scant. Some families had enough for several days. The others hoped public relief of some sort would succor them.

The men said they were waiting for "the government to tell us what to do." They all denied that they were taking part in a "demonstration," contending that they had been ordered off the land by the planters and had no other place to go. I noticed many young children, some babies still at the breast. I noticed also a number of pregnant women.

Sanitary conditions were bad. The water was taken from such sources as the road afforded—the wells of farms, cisterns, etc.—and there was no certainty of its purity. The cold drizzle of last night added nothing to the campers' prospects of avoiding sickness.

Among the campers, there were some 300 negroes, in their own clusters separated from those of the whites. Conditions in their camps seemed to be worse than those in the white camps.

State Highway police patrolled the road and their flares lighted up "slow" signs planted along Highway 61. Many motorists stopped to inspect the campers.

Highway policemen said that the campers were increasing rapidly in number and that their food supplies were dwindling very rapidly.

Many of the tenants belong to the Southern Tenant Farmers' Union, a CIO affiliate, and union organizers were active in the camps. The organizers said that the planters, in addition to wanting to make the share croppers day laborers, had also evicted them because they had joined the union.

Rodgers Is In District Race

Hon. Henry L. Rodgers of Louisville, Miss., has announced his candidacy for district attorney. In making his announcement, Mr. Rodgers said:

To the Democratic voters of the Fifth Judicial District: I am today making my announcement as a candidate for the office of District Attorney, for the Fifth Judicial District.

I made the race for District Attorney, at a special election November 6th, 1934, at which time my opponent was elected by a small majority of 232 votes.

I want to say here that I appreciate the large vote given me at that election, and solicit your continued support.

To those I did not personally meet during that campaign, and do not know me personally, let me say that I am a resident of Louisville, Winston county, Mississippi, where I have been in the active practice of law about 12 years. I am 35 years of age and have seven years of college training, having finished at the University of Mississippi, where I received by law degree. I am an active member of the Masonic Lodge and the Methodist Church. I have always been affiliated with the democratic party, and was selected as a delegate to the Democratic National Convention in 1932.

I have represented the county in prosecution in Winston county for a good many years, and have prosecuted as attorney for the City of Louisville for the past few years. A good part of my practice has been in the field of criminal law.

I feel that I have the ability to serve you. Some of the voters thought when I ran before I was too young, but now I have had five years more experience in the active prosecution of crime. Since that time, I like the way and have the ability to represent you to expedite the business of the Circuit Court, I will as your District Attorney prepare the cases for presentation to the grand jury, and have the cases for trial ready, and witnesses summoned to appear on the day for the trial, and thereby save delay and cost.

I have represented the county for eight years and I know that the District Attorney is in a position to have the county a great deal of money, and as your District Attorney, I assure you that I can and will save the tax payers money in the operation of the courts. I solicit your support, and I assure you that I shall do my best with the help of the good citizens to prove to you that your faith in me is well founded.

Henry L. Rodgers.

Grenada Loses To Cascilla Teams

(By Sue Collins) In two of the most interesting games played on the home court this season, Grenada boys and girls basketball teams suffered defeat at the hands of the Cascilla teams.

Cascilla girls maintained a lead of a small number of points throughout the game. Harris was high scorer for Cascilla, while Rounsaville rung up most of Grenada's goals. The game ended with Cascilla 39 and Grenada 28.

The boys' game was unusually close, with the score tied a greater part of the time. The outcome of the game seemed most uncertain, until in the last few minutes when Cascilla after being charged a time out, came back in with renewed energy. Their outstanding player of the evening was Whitten. Wilson was high scorer for Grenada.

On Friday night, January 13, the Grenada teams will clash with those of Alva, reportedly one of the strongest teams in the district. It is hoped that Grenada will come out victor, even though the game is on Friday the 13th.

Rabbit Hunted, Bear Found

KEZAR FALLS, Me. — Game Warden Verne Black had to use five rounds of ammunition, but he finally killed a 400-pound bear whose hideout had been mistaken for a rabbit's burrow by a frightened novice hunter.

Now Hitler Takes Peace

BERLIN — The result of the Munich conference may justify the hope that Europe's leaders may in future succeed in giving peace a just peace, Adolf Hitler today in responding to the traditional new year greetings of the foreign diplomatic corps.

Hitler spoke in reply to Ambassador Cesare Orsenigo, Papal Nuncio, who spoke for the diplomats as dean of the corps.

"In your address you especially mentioned the meeting of representatives of the four great powers at Munich," said Hitler.

"In my recollection of last year this even carried special significance."

"The German nation remembers with deep gratitude that 1938 brought our nation fulfillment of its inalienable right to self-determination. If this was achieved without breaking European peace for a single day, it is true that the policy of wisdom incorporated in the Munich agreement was largely responsible."

"On another occasion commemorating the year end, I have already had the opportunity of expressing the deep gratitude the German nation feels for the statesmen who in 1938 undertook to shape and sign a new pact as a solution of questions which could no longer be postponed."

Gossip From The Grapevine League

(By PETE LAMBERT) Editor's Note—The contents of this column is merely the following of the title and it is taken as such... no personal feelings are to be involved in any way, as this column is devoted entirely to the amusement and entertainment of the our readers.

With the WPA and other government projects being so liberal with their cash allotments, it does seem as if our city could obtain a sizeable loan in which to beautify our community a little more... If Grenada is to have a slogan, "The City Beautiful," then we should live up to the said slogan. The streets of our city are a pitiful sight, especially those in the immediate vicinity of the public square. They spread a thin coating of tar over the old worn out wooden blocks and in a short time the tar is again melted away in such a fashion that the streets are left holy and bumpy... With but a small amount of cash the streets could be covered with some hard surfaced material that would last indefinitely and in a few years it will pay for itself... If you are contemplating a business proposition somewhere within the city's limits, and you have your site already selected on which to build, then your next step is to get permission from the city to build, that is of course, to keep out of unnecessary trouble... Why can't we all keep cheerful smiles throughout the day as the Hon. Cowles Horton? ... Why can't we all be the super-salesman that Spivey Kent is? If Spivey was to strike out to Alaska to try and sell the Eskimos an electric refrigerator, I believe I would wager on his success... When it comes to a man sticking to his job, Dr. Fatheree can't be beat. Have you ever seen him outside of his place of business, other than to give curb service? ... A bit of information to all of you potential song-hit composers: The Song Hit Guild of 1419 Broadway, New York City is distributing a folio that will be of interest to you, it's free... This years Hunt and Field Trials are over and in its passing has left the impression that we have some mighty fine dog handlers in Grenada and the surrounding territory. It is rumored that Mr. L. C. Proby and Homer Williams had the distinction of winning colors, understand I said rumored... A question that is being asked almost daily now—"Do we still have a Democracy?"

Commerce Graduates Placed CHAMPAIGN — URBANA, Ill. — Placement of 83 per cent of the seniors who graduated last June from the University of Illinois College of Commerce in jobs ranging from chamber of commerce secretary to brewer's apprentice, is reported.

Chinese Fight Back

TIENSIN — Daring Chinese soldiers, operating in a zone which had been under Japanese domination since the start of the war, have cut the important Tientsin-Peiping railroad, severing Japanese army rail communications with Manchukuo and Japan, it was disclosed today.

All traffic on the railroad stopped at 8 o'clock last night. Reports spread rapidly that there had been a Chinese raid on the road and that a long section of rails had been torn up in the vicinity of Langfang, an important depot midway between Tientsin and Peiping.

Today, the United Press managed to get into communication with the station master at Tsaoilingchwang, near Langfang.

THIRTEEN GET VOTE EACH

FORT WORTH, Texas — County Judge Dave Miller is at a loss what name to qualify as public weigher of Precinct No. 1. Thirteen persons' names were written in on the ballot. There was no announced candidate, and each "written-in" nominee got one vote. Some of the votes went to comic characters and others to leading business men.

Heidelberg Co-eds Fence

TIFFIN, O. — Heidelberg College co-eds have entered another traditional men's sport — fencing. Betty Fogalis and Ruth Nagle have won membership on the varsity fencing club and, barring an unexpected upset, are in line for the fencing title.

FDR Asks Defense Aid, Committee Hits WPA

WASHINGTON—The House Appropriations Committee, as a whole sliced \$150,000,000 from the recommendation of President Roosevelt in reporting on the appropriation to carry on WPA work until June 30th, 1939.

The President had recommended an \$875,000,000 appropriation, but the committee, in its report recommended \$725,000,000 for the work.

Action of the committee will remove one million from the relief rolls it is believed on account of the lack of money.

Committee To Call

A committee will call on all business people at an early date, according to present plans, to solicit the necessary funds for the neon signs which are to be installed over Highway 51, and direct traffic to up-town Grenada, in the event there are those who wish to come up town.

The plan has been originated by several civic clubs, all of which are invited to take part in the general plans.

Committeemen say they will expect donations from all business houses.

GOLDEN EAGLE IN PERIL
FARGO, N. D. — One of North Dakota's most magnificent birds, the golden eagle, is likely to disappear from the state if thoughtless hunters continue to kill it, according to O. A. Stevens, biologist at the North Dakota Agricultural College. "The eagle still is a nesting bird in the badlands," he said, "but with continued persecution it will cease to be such."

Realistic Photo Too Real

BRENTWOOD, Cal. — Louise Scott, 27, wanted a "realistic" picture of herself so she picked up a supposedly unloaded gun and told Clement Reasonable, amateur Filipino cameraman, to "shoot". He did and so did she. Louise got the realistic picture she wanted and Reasonable got a bullet in the calf.

Ole Miss News

UNIVERSITY, Miss. — Approximately 250 members of the bench and bar will be in attendance at the Institute on New Rules of Civil Procedure in District Courts of the United States at the University of Mississippi School of Law Friday.

"Responses from the various local bar associations have been very encouraging," Judge T. C. Kimbrough, dean of the school, said today, "and if we have good weather conditions, we should have an excellent crowd for the institute."

To be held in conjunction with the institute will be an official meeting of the 17 commissioners of the Mississippi State Bar Association, according to an announcement last week by Mrs. Alice Nevals, secretary of the association. Every member of the state bar has been extended an invitation to be present at the institute, along with members of the Memphis and Shelby county bar.

The program will be divided into three sessions, with the first scheduled to start at 9:30 o'clock, when the Hon. Hindman Doxey, of Holli Springs, president of the Ole Miss Law Alumni Association, will call the meeting to order. Introductory remarks will be made by Judge Kimbrough and Chancellor A. B. Butts. Morning speakers will be Judge Virgil A. Griffith of the Mississippi Supreme Court and Judge Joseph C. Hutcheson, Jr., of the Fifth Circuit Court of Appeals of Houston, Texas.

The second session will be in the form of a luncheon given by the University in Ricks-Ward Dining Hall. Judge Sidney Smith, Chief Justice of the Mississippi Supreme Court, will preside, with Judge Allen Cox of Baldwin, Federal Judge of the Northern District of Mississippi, continuing with the program of the institute.

J. C. Satterfield, president of the Junior Bar Section of the Mississippi State Bar, and R. M. Kolby, president of the Mississippi State Bar, will preside at the afternoon meeting. Lecturers will be Walter P. Armstrong of Memphis, prominent attorney, and Monte M. Lemann, of New Orleans, member of the Supreme Court Advisory Committee on the New Rules. Judge Hutcheson will also speak.

The committee in charge of the institute is composed of Prof. W. G. Reeds, chairman; Prof. L. G. Andrews, Prof. John W. Wade, Hindman Doxey and J. H. Caldwell, Sr.

Riverdale H. D. Club Met Jan. 5

The Riverdale Home Demonstration Club held its regular meeting Thursday, January 5, in the home of Mrs. J. L. Cooley with Mrs. J. L. Townes as co-hostess. There were twenty members present and one new member, Mrs. Woodham.

The meeting was opened with the members singing "The American Farm Bureau Spirit."

Miss Wood told of the new styles of 1939 in clothes, jewelry hats and et cetera.

Our program for the coming year will be nutrition and at this meeting Miss Wood gave out Nutrition Records to be kept this year. Miss Wood announced that a prize would be given at the close of the club year, to the club that kept the most records. Miss Wood also gave each member a bulletin on "Feeding the Family" and she asked that each member keep one of the home projects mentioned.

At this meeting Mrs. Cooley was elected recreational leader and Mrs. Townes was elected program leader.

The hostesses served cranberry salad, Rita crackers, cakes, candy and iced tea. Book and Bridge were enjoyed by the members and the winners, Mrs. Cooley and Mrs. Coats received a novelty vase and a salted nut dish.

LONGEVITY ADVICE AT 104; ENJOYS LIFE, BE MODERATE

COLUMBIANVILLE, N. Y. — Charles H. Benedict has an unusual formula for longevity. It contains no rules for diet, just "enjoy yourself—with moderation."

Benedict speaks with authority—he is 104 years old.

However, he predicts shorter life spans for the present generation, believing "they wear themselves out."

"There's no magic formula for living beyond the century mark," he said. "It's simply a question of following the Golden Mean."

"Young people of today don't seem to know that. They wear themselves out, working too hard and playing too hard."

Persecutions Are Threatened

BERLIN — Nazi opened a sudden, new campaign against Jews today, coupled with a demand that the Netherlands curb Jewish propaganda, on the allegation that shots had been fired at German diplomatic premises in Holland.

Key Nazi Publicity Medi, taking it for granted that the shots had been fired by Jews, intimated that further reprisals against Jews would be taken at once if any German diplomat was harmed, and at the same time demanded that Holland curb activities of "Jewish criminals."

A propaganda ministry spokesman had asserted last night that on January 6 a shot was fired into the living room of the German Consulate in Amsterdam, and that on January 9 a shot was fired into a secretary's room at the German Legation at the Hague.

The spokesman blamed the shots on the "international Jew campaign of hatred and agitation." He said that no protest was envisaged to the Netherlands government, "with which we have friendly relations," but added:

"We must make it clear once for all that German diplomats are not free game for Jews."

Asked whether that meant there might be new anti-Jewish reprisals in Germany, the spokesman said:

"I can not specify until the identity of the assailants is clarified. But further sharp reprisals would be expected if acts of Jewish violence increased."

Missouri Investigates

POPLAR BLUFF, Mo. — The Missouri Agricultural Conservation committee opened an investigation today to determine whether homeless share croppers camped along U. S. Highway 61 had received proper treatment under the Federal Agricultural Adjustment program.

Two Federal agencies were concerned with the situation. Missouri representatives of the surplus Commodity Corporation toured the squatters' makeshift camps, to determine their needs, and farm Security Administration officials on orders from Washington, began taking applications for emergency relief funds. The SOC was reported to have four staffs available at Jefferson City to care for 1,000 of the tenants.

In Washington, the Department of Agriculture threatened reprisals against landowners who had evicted tenants in order to take all the government's crop reduction benefits for themselves.

PIGEONS DISPATCH NEWS OF FISHERMAN'S CATCH

PASS CHRISTIAN, Miss. — Bidwell Adam, former lieutenant governor of Mississippi, is a great believer in telling your fish stories while they're news.

He carries two homing pigeons on fishing trips in the Gulf and dispatches his messengers with tidings after each big catch. A few minutes later, Mrs. Adam receives the news and gets the skillet hot.

Reason Number 5

HOME IS NO PLACE FOR THE FAMILY WASHING...

... because the facilities in the home cannot provide enough hot water.

The recent scientific Home Washing Survey disclosed the fact that the average home uses only approximately one-third the amount of water per pound of clothes that food commercial laundries use. None of the homes in which surveys were made used more than four changes of water, and in most cases only three changes were used! All of the laundries surveyed used from ten to twelve complete changes of water during each single washing. In the laundries none of the water was re-used.

In the homes surveyed the average starting temperature in the first load was 147°F. But private homes have no facilities to maintain such temperatures, and the water temperature soon dropped to low figures. The commercial laundries, on the other hand, completely pasteurized all clothes where fabrics would tolerate high temperature. The modern laundry's washing process keeps most clothes in the pasteurization noze 40 to 50 minutes. This, of course, is impossible with the facilities available in the home.

An adequate supply of hot water and facilities for maintaining exact temperatures enabled all the laundries to show practical sterilization of clothes in the last rinse water, while the home washing average showed a count of 318,792 bacteria per cubic centimeter in the last rinse. HOME IS NO PLACE FOR THE FAMILY WASHING!

Jack Benny Is Indicted

By JOSEPH L. MYLER

United Press Staff Correspondent
NEW YORK — Jack Benny left his fingerprints and photograph, without autograph, at the United States Marshal's office today and packed up to return to Hollywood, a sobered comedian under indictment charged with having smuggled \$2,131 worth of jewelry from Europe.

He is due back Jan. 24 for trial in Federal Court. If convicted, he could be imprisoned six years and fined \$15,000, which is a little more than he earns in a week on the radio.

Unlike his fellow comedian Geo. Burns, who pleaded guilty to the same charge, Benny said he was not guilty and that he was "utterly amazed" that he should have been accused.

They, and Mrs. Edgar J. Lauer, wife of a Justice in New York Supreme Court, all have been charged with dealing with Albert N. Chaperon, a dapper, ex-convict and cosmopolite, who plied the Atlantic carrying diplomatic papers from the Nicaraguan Consul General which exempted him, from customs inspection, and who allegedly had his trunks packed with costly European clothes and jewels which he peddled to wealthy persons in the United States.

Benny did not deny that he had received from Chaperon two gold, diamond studded clips and one gold, diamond-studded bracelet, which he presumably presented his wife and partner in comedy, Mary Livingstone. He did deny he had "knowingly committed any wrong" or that he was "guilty of any criminal intent."

This defense was made in a typewritten statement handed out by Walter N. Thayer, III, one of his lawyers. Benny, himself said little. On his way into the Federal building to appear before a grand jury he paused to accommodate autograph-seekers but kept his lips clamped tightly around an unlighted cigar.

of 500 hundred and eleven demonstrations were conducted for the benefit of 7985 farm men, women and 4-H Club boys and girls. Total of 42 farm and home exhibits were prepared by our farm people for exhibition at Community, County, State and National fairs. Several high honors were won by our farm people consisting of livestock, crop and home-craft exhibits and a county booth won first place at the Memphis Tri-State Fair.

County Agent, J. L. Cooley; Assistant County Agent, L. H. Stubblefield; AAA Assistant, E. R. Trotman; Home Demonstration Agent, Miss Lottie Wood and Colored Home Demonstration Agent, Vera Sledge, have been re-appointed to conduct the extension work in Grenada county during the year 1939.

In addition to directing the AAA farm program, County Agent Cooley made a total of 431 farm visits and conducted 165 farm demonstrations. Fourteen hundred and sixty head of livestock were vaccinated for the prevention of diseases. Nine hundred and thirty acres of land were terraced for the control of soil erosion. More than 1600 acres of winter legume soil building crops were planted. Our farmers have diverted more than 12,000 acres from soil depleting crops to soil improving crops and pasture. Forty-four demonstrations were given in pruning and grafting orchards. Much assistance has been given in directing the operation of our Cold Storage and Meat Curing plant in an effort to make the plant a meat curing and marketing center.

The county extension service is striving to assist farmers in developing "Live-at-Home and Diversified" farm programs. Recent census figures show that our acreage of food and feed crops, number of cattle, hogs and poultry have more than doubled since the 1930 census. The production of livestock is rapidly becoming a money crop, second only to our cotton crop.

Mr. L. H. Stubblefield conducted the Boys 4-H Club work through six clubs located at two schools throughout the county with a total of 79 members. A total of 59 farm visits were made in conducting the Club work on 27 farms. A total of thirty-six methods of demonstrations were conducted with the boys. A summer camp was held for the club boys at Camp Tallahas and a delegation of club members attended the State 4-H Club Congress at State College. A County 4-H fair was held and contestants were selected for livestock and crops judging teams to compete at the State Fair and Mid-South Fair at Memphis.

Mr. E. R. Trotman assisted in conducting the AAA Soil Conservation Program in the county. One thousand and eighty farmers cooperated in this farm program. These farms comprised 69,372 tillable acres and were allotted 19,385 acres to plant to cotton. 20,000 acres were planted in corn and interplanted with peas and soybeans. 6,600 acres were planted to peas, soybeans and lespedeza for hay and grain 1900 acres were planted to garden and truck crops. Benefit payments to cooperating farmers amounted to \$184,000.00, which is equivalent to approximately 4,000 bales of cotton. In addition, 930 acres were terraced and our farmers were allowed to plant soil improving, food and feed crops on the diverted cotton acreage.

Miss Lottie Wood conducted the home demonstration work through sixteen community clubs with 304 farm women members. The four girls 4-H Clubs consisted of sixty-eight members. 182 farm visits were made to 161 farms to conduct demonstrations in clothing, food, preservation, home improvement and home management. 192 families were assisted in preserving 27,975 jars and cans of food valued at \$4,600.00. Planning assistance was given in reconditioning twelve houses and constructing nine new houses.

Other demonstrations and conveniences were: 4-H girls made 80 dresses and 323 other articles to stay.

If you will spend a little time in getting information along farming lines, you will realize that this is true. Any consideration that we have towards better prices and general better living are trophies that have been fought for and obtained by the earnest effort of this organization in the main.

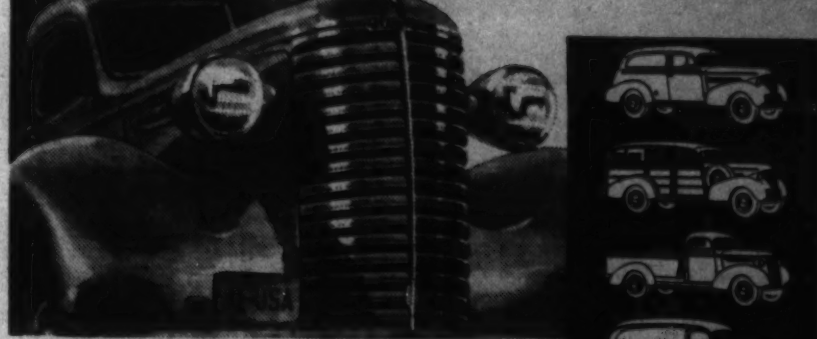

We all know the truth of the adage "In unity there is strength." Pages could be written on what has been and is being accomplished which is just groups of farmers uniting together themselves for the best interest in any line of all concerned. There is not a small

FARM BUREAU

The Farm Bureau has come to stay.

If you will spend a little time in getting information along farming lines, you will realize that this is true. Any consideration that we have towards better prices and general better living are trophies that have been fought for and obtained by the earnest effort of this organization in the main.

We all know the truth of the adage "In unity there is strength." Pages could be written on what has been and is being accomplished which is just groups of farmers uniting together themselves for the best interest in any line of all concerned. There is not a small

BOND ELECTION NOTICE

To the qualified electors of the City of Grenada, Mississippi:
You are hereby notified that, pursuant to resolution of the Board of Mayor and Aldermen of said city directing same, an election will be held at the regular voting place in said city on Tuesday, January 31, 1939, within lawful hours, at which election all of the qualified electors of said city may vote, for the purpose of determining if said city shall issue its bonds to an amount not to exceed thirty thousand dollars to provide the necessary funds to pay the city's share of paving and otherwise specially improving the whole distance of Donkin Street; Church Street, from Depot Street to Second Street; Mound Street from Govan Street to south boundary line of said city; Bell Street, from College Street to Line Street; Line Street, from Cherry Street to Pearl Street; Green Street, from Second Street to Fourth Street; East Street, from Margin Street to Cherry Street; Lynch Street, from Margin Street to Union Street; South Street, from Commerce Street to west boundary line of said city; and West Street, from South Street to Cherry Street, all in said city.

Aren't you tired of complaining of the farmers hard luck and doing nothing about it yourself? I have lots of faith in the idea that the "Lord helps those that help themselves".

Well right now the Farm Bureau is holding out the powerful generous hand, of opportunity. Will you fail to welcome her with your cooperation and the strength of your support.

In the betterment of life for your family and those that travel the rugged path of life feel conscience clear to neglect this—the planting of the seed, of better things. For of course it will all come at once—and, just as true, it will never come—unless the beginning is made.

The seed planted. Can you really fail to see where it is and your duty to join an organization one of several of the Farm Bureau club in the county. And as you write toward the interests of yourself and family and friends.

"One ship drives east and another west With the salt same Winds that blow 'Tis the set of the sails Fret not the gales Which decide the way to go."

Let us set our sails Towards better things And not drift in this Year of our Lord 1939. "A Farmer and Grenada County Citizen."

FSA NOT RESPONSIBLE
FOR INDIVIDUAL DEBTS

County Farm Security Administration Supervisor W. E. Strider warned merchants and other vendors this week that the FSA is in no way responsible for the payment of debts contracted by farmers who are operating with rehabilitation loans advanced by the organization.

Explaining the rules governing the making of rehabilitation loans, Supervisor Strider said a loan is made a farmer based on the estimated sum that will be required to carry out his farm and home program for the year. However, the expenditure of that sum is the responsibility of the farmer, and the FSA assumes no obligation, implied or expressed, to see that his accounts are paid. Purchases made by FSA farmers are not supervised or directed by the FSA except to the extent of checking in some cases to see that purchases are in line with the budget, however, the FSA does not guarantee payment.

"Some vendors in the past have sold merchandise to FSA farmers on the strength of their having been accepted for loans, later seeking repayment from the FSA because they were under the impression that this organization would guarantee collection," Mr. Strider said.

"Under rules governing the rehabilitation loan program we do not attempt to govern purchases or contractual obligations made by FSA farmers and we do not guarantee payment of such obligations. It is a private matter between buyer and seller and does not involve the FSA in any manner."

COW IS TWIN CHAMPION

WOOSTER, O. — Bossy, a Holstein cow owned by Dewey M. Hartman, has given birth to seven consecutive pairs of twin calves in seven years—a record believed to be unequalled anywhere, according to the owner. Dairy specialists at the Ohio Agricultural Experiment station have figured the odds against the occurrence of twin calves at about 100 to one.

Evil Spirits Only Franksters

BOSTON — Superstitious crew members thought evil spirits had taken possession of the schooner Alta C. They had climbed into their bunk for the night after making the vessel fast to a wharf. They awoke to find the vessel drifting seaward. But investigation disclosed that boy franksters, not evil spirits, had chopped the mooring ropes.

Interest of \$35 Waived

On \$5, 40-Year-Old Bill

New London, Conn.—Emery Evans was willing to sacrifice approximately \$35 in interest to collect a bill owed him for 40 years. The customer explaining she had been away from the city for many years, offered Evans the amount of the bill but said she was unable to pay the interest.

"Forget it," said Evans as he handed her a receipt.

R. G. Westfall Appreciates Star

Indianapolis, Ind. Jan. 6, 1939
The Daily Star,
Grenada, Miss.

Dear Folks:
Please note the attached cover
off of one of the copies of the
DAILY STAR, which I receive
right along.

According to the marking on the
address cover, my subscription ex-
pired 12-7-1938 and as I am so
much interested in your beautiful
little city, and because my son,
Roscoe G. Westfall, Jr., and his
family, now living at 116 Frank-
lin Street, Grenada, since Decem-
ber of 1937, where he is employed
at Grenada Industries hosiery mill,

I want the DAILY STAR to con-
tinue coming.

I have made two visits in the
past year to Grenada, and certainly
enjoy the associations made
while there. Our son, R. G. W. Jr.,
was up here at Indianapolis over
the Christmas holidays, and we had
a splendid time. I expect to visit
your fine city again the latter part
of March or early in April for a
prevue of Spring.

Don't know what the subscrip-
tion rates are right off hand, ac-
cording to possible bank ex-
change, the enclosed check is for
the odd amount of \$1.10. Do not
know just how far that will take
me, but you can date the covers for
the extension, and I will then
know when the next expiration
date will be. Thanks for every-
thing, and wish you a very success-
ful year of 1939.

Sincerely Yours,
Roscoe G. Westfall, Sr.

VETERAN LIVES 17 YEARS

ALONE ON HOUSEBOAT
WINTHROP, Mass. — Joseph
Fraser, veteran of the Spanish and
World wars, for 17 years has "lived
alone and liked it" on a trim
houseboat, tight against the shore
that separates this town from Bos-
ton.

Love of the sea, says Fraser,
prompted him to establish a bait
business here. Everything is com-
pact and ship-shape in his 30 by
10 feet bachelor quarters, which
include a bedroom, living room,
kitchen, porch and workroom. At
high tide, the "home" is complete-
ly at sea.

1939 Drive To Begin This Week

The 1939 drive to rid Grenada
county and the nation of Infantile
Paralysis begins this week. From
now until January 30 people all
over the United States will be look-
ing forward to the great climax of
this sweeping movement—Presi-
dent Roosevelt's Birthday Celebra-
tion. For Grenada county this cele-
bration brings fine entertainment
in a variety program with each
community presenting its best
showmen in one great performance
in the City of Grenada.

Contrary to popular belief the
entire receipts of these birthday
parties do not pass to the Nation-
al Foundation for Infantile Paralysis.
Fifty per cent of the proceeds are
used locally in counties, cities, and
communities which means that
Grenada County will use one-half
of the funds obtained to combat
the disease.

Infantile Paralysis strikes sud-
denly and without warning and to
prepare a strong defense for its
attacks has been the object of the
National Foundation for Infantile
Paralysis. By cooperating with lo-
cal doctors and health institutions
the foundation has progressed ex-
ceptionally well toward its ob-
jective.

The Grenada county committee
with Mrs. H. L. Honeycutt as
chairman asks your endorsement
of this program. Any suggestions
will be greatly considered, and
your cooperation will be appreci-
ated.

Several programs will be pre-
sented through the columns of this
newspaper which will carry addi-
tional information concerning this
important matter.

FATIGUE TESTS BARRED

NORMAN, Okla. — University
of Oklahoma officials have halted
the fatigue experiments of Charles
Thompson, graduate student.
Thompson planned to find out what
makes a person become tired by
using himself as a guinea pig. Dr.
Alma J. Neill, acting head of the
university psychology department,
termed the method of experiment
"too dangerous."

Jury Pay Waits Ten Years

RIISING STAR, Texas. — J. F.
Milroe of Rising Star collected his
pay as special jury venireman 10
years after the duty was perform-
ed. Milroe served on the jury at
Eastland, forgot to present his
claim for pay and was still due the
money, the court records showed.

Early to bed and early to
rise, work hard and advertise.
Success.

"Lightning, Twig" As Cure

LUEDIC, Me. — Elsie Howard
Robbins believes that carrying a
small piece of a lightning twig
"with lightning in it" has helped spare him
twinges of rheumatism, even in
rainy weather. The wood was cut
from a tree that had been struck
by lightning.

FAMOUS WAR HORSE DEAD

LONDON — Ginger, famous
war horse, is dead. He was 34 and
his owner had him destroyed. Gin-
ger went to France with the Ex-
peditionary Force and was in the
front from Meuse. He played his

part in the first battle of Ypres,
and was severely wounded.

23,000 MILES VIA THUMB

STILLWATER, Okla. — Glenn
Terrell, Oklahoma A. and M. Col-
lege student, claims to be champ-
ion hitch-hiker of the southwest.
Terrell estimates he has traveled
some 23,000 miles via the thumb.

Sense of Humor — Golden

OAKLAND

Mr. and Mrs.
celebrating 50
years of happy married life, gave
as their formula: "a sense of hum-
or," "especially when both have

traditional Kentucky dispositions,"
they added.

Rtd the ads and be thrifty.

Burglar Errs On Beer

OAKLAND, Cal. — August
Dangles, restaurant proprietor,
got a real kick out of being robbed.
A burglar carried off a case of 24
bottles of what was presumably
beer. But it was mineral water.

Rtd the ads and be thrifty.

SAFETY PATROL SUB-

STATION LOCATED HERE

The Mississippi Highway Safety
Patrol sub-station was today es-
tablished temporarily in the city
hall with a full time force of office
workers slated to take care of re-
ports, phone calls and data on the

activities of the patrolmen in this
district.

Burns Tatum, special patrol lead-
er of this area, will direct the ac-
tivities of the workers at the city
hall.

Mrs. Mary Tucker will be on
duty at the office from 4 to 12
o'clock at night; Teddy Sparks of
Farrell will take the shift from 12
to 8 o'clock in the morning and
Miss Pearl W. Hitch will be in
charge of the office from 8 o'clock
in the morning until 4 in the after-
noon.

Two shifts of three persons each
will divide the work week at the
city hall under a cooperative plan
sponsored by WPA. Office space is
furnished by the city until the
highway department can obtain
funds to build a sub-station of its
own. — Clarksdale Register.

Beware Coughs from common colds That Hang On

No matter how many medicines
you have tried for your common
cough, chest cold, or bronchial irri-
tation, you may get relief now with
Cremolium. Serious trouble may
be brewing and you cannot afford
to take a chance with any remedy
less potent than Cremolium, which
goes right to the seat of the trouble
and aids nature to soothe and heal
the inflamed mucous membranes
and to loosen and expel germ-
laden phlegm.

Even if other remedies have failed,
don't be discouraged, try Cremolium.

Your druggist is authorized to
refund your money if you are not
thoroughly satisfied with the bene-
fits obtained. Cremolium is one
word, ask for it plainly, see that the
name on the bottle is Cremolium,
and you'll get the genuine product
and the relief you want. (Adv.)
